LECLAIRRYAN TO PRESENT FREE WEBINAR ON CORPORATE AVIATION ACCIDENTS

ALEXANDRIA, Va., (7/9/18)—LeClairRyan’s aviation team will present a webinar on Corporate Aviation Accidents on Tuesday, July 17, from 1:00 p.m. to 2:30 p.m. (ET).

“Whether your corporation owns, operates or leases aircraft, an accident is a nightmare for any company,” notes Mark Dombroff, a member of LeClairRyan and co-chair of the national law firm’s aviation industry practice. “Compounded by the fact that the passengers are frequently, if not always, employees, including senior management, the loss of a corporate aircraft has profound impacts that go well beyond the event itself.”

Presented as part of LeClairRyan’s Aviation Symposium Webinar Series, the free event is open to senior management; risk managers; pilots, mechanics and other aviation department members; human resources, public affairs and financial management personnel; insurance brokers; and all others involved with corporate aviation.

During the webinar, members of LeClairRyan’s Aviation Industry Team will focus on the following topics:

- Emergency planning
- Tabletop drills and training exercises
- Human resource issues – if the worst happens
- The accident investigation process
- Protecting the company, whether you own, lease or charter your aircraft
- What your broker/insurer can do to help you
- Dealing with the media and protecting the brand

Those wishing to register can do so by visiting www.leclairryan.com and selecting the “Events” tab on the home page and then selecting “Aviation Symposium Webinar Series: Corporate Aviation Accidents.”
